Cool Facts About Money

- * A stack of \$1 bills one mile high would contain over 14 million bills.
- * If you had 10 billion \$1 bills and spent one of them every second of every day, it would take 317 years for you to run out of money.
- * Have you ever wondered how many times you could fold a \$1 bill before it would tear? About 4,000 double folds (first forward and then backwards) are required before a note will tear.
- * The 8 billion bills printed each year are enough to wrap around the earth's equator over 30 times.
- * It takes 40 tons of pressure or about the weight of 10 elephants to stamp the design of a penny.

Saving is Fun

It's fun to tuck away treasures in special places. You know that they are safe there. That's why it's fun to bring your money to the credit union. We put the money in your Dollar Dog Savings account. It's safe there, and there is a bonus.

Your money earns money, called interest. When you save even a little money every month, it grows and grows. It's so much fun to see it grow, you will want to do it your whole life.

Saving is a great habit to get into. That's because when you want to buy something, you may not have enough

money in your pocket. But if you have been saving, you will be able to buy it. But remember, the longer you leave the money in your share savings account at the credit union, the more it will grow.

Don't forget about the other bonus you get when you put your money into your Dollar Dog Savings account – Dollar Dog coins! Everytime you make a deposit of \$10 or more, you earn a coin. The coins can be used to purchase cool Dollar Dog prizes. The more you save, the bigger the prize!

SAVE and watch your Share Account grow!

JUST FOR LAFFS

Q. What animal has more lives than a cat?

A. A FROG. It croaks every night!
